NEWBORN  
PORTRAITURE

# *They are only little once*

*"If I am thinking correctly, said Pooh, a new baby is probably, undoubtedly, the grandest gift that could ever be." - A. A. Milne, Winnie The Pooh*

How true is that! And this is exactly why it is so important to capture memories of these special times.

# OUR VISION

## BY JANETTE OSVAY

Award Winning, AIPP & Portrait Masters Accredited  
Professional Portrait Photographer

Hello, my name is Janette and I am the owner and lead photographer of Janette Osvay Photography, a boutique portrait studio in Pymble, in the heart of Sydney's leafy North Shore.

I have been photographing newborn babies for over 15 years and I just can't get enough of it. I love showing how tiny and perfect they are and how much they are loved by their parents and siblings.

My studio offers a safe, warm, tender and caring environment for newborn babies and their families. We offer many props and accessories for baby photography like cute, knitted hats, bonnets, wraps, blankets, rompers, baskets, bowls, soft toys, mama gowns and many more.

We would love to capture beautiful portraits of your baby and your family you will absolutely love and treasure.

We look forward to seeing you in our studio.

# *What is the Best Time*

## FOR NEWBORN PORTRAITS?

The best time to photograph your newborn baby is when he/she is 10-14 days old. This is the perfect time to take peaceful sleeping images of them and show how tiny they are.

If - for any reason - you are not able to bring your baby so early, it is perfectly fine, beautiful moments can be captured later as well, when the baby is a bit "older". For example, a 10-12 weeks old baby can already hold his/her head, smiles and interacts with the parents. We consider our baby portrait sessions newborn sessions for up to 3 months old babies.

We also recommend to book your session a few weeks ahead because our calendar fills up quickly.
